

SPECIFICATIONS SHEET

PRODUCT: BUTYL CELLUSOLVE

CODE: A07

REVIEWED: SEPTEMBER, 2006

SPECIFICATIONS	LIMITS	TEST METHODS ASTM
Concentration, wt. %	99.0, min.	CG
Appearance	Colorless liquid, free of foreign matter	Visual
Acidity, as acetic acid, wt. %	0.01, max.	D-1613
Water, wt. %	0.1, max.	D-1364
Color, Pt-Co scale	10, max.	D-1209
Specific Gravity @ 20/20°C	0.9010-0.9040	D-891

Description: Colorless liquid, it is used as a solvent in spray lacquers, enamels, varnishes, and latex paints and as an ingredient in paint thinners and strippers, varnish removers, and herbicides. It is also used in liquid soaps, cosmetics, industrial and household cleaners, and dry-cleaning compounds.

This specification supersedes other revisions.
